BRINGING GLOBAL AGRICULTURAL LEADERS TOGETHER TO BUILD CAPACITY
AND PROVIDE SOLUTIONS FOR A GROWING POPULATION.

A photograph of a farm scene. In the foreground, there is a lush green cornfield. In the background, there is a red barn with a white roof and two tall, cylindrical metal silos. The sky is clear and blue.

SAVES TIME—MONEY

"I feed on 3 farms in a 6-mile radius. Before I got my Case mixer-grinder, it was a 2-man job—1 driving, 1 shoveling—a 4-hour chore. Now I do it myself in 2 hours, no shoveling. Figuring 4 hours hired man's salary at \$1.25, I save \$5 a day, \$35 a week, \$1,820 a year. In 6 months I've ground-mixed-blended 287 loads. This would cost \$2 a ton at the mill, and waste a lot of needed time. My mixer-grinder will pay for itself easily in a year."
